

Product Name

11L Vibrating Material Feeding Machine

Model: RT-VF02A

Features:

- Design for improving efficiency.
- Feeding rate is adjustable.
- Storage capacity and Feeding trough design for clean easily, DIY quickly.

The machine is suitable to be used with Oil Crops Grinder or Vertical Grinder to save the manpower and improve the production efficiency.

Specification

| | |
|-------------------------|-------------------------|
| Productivity | about 75 kg/h / 150kg/h |
| Power | 100W |
| Voltage | 110V/Single Phase |
| Storage trough capacity | 11 LITTER |
| Machine Dimension | 650x390x700mm |
| Weight | 50KG |
