

Product Name

Gami Cooling Tunnel

Description:

Machines are equipped with electronic controls managed by PLC and touch-screen man-machine communication interface. The cooling can be achieved by a gas-water heat exchanger and its relevant cooling unit, or by a water-water heat exchanger.

Specification

Type	Min. Length	Belt Width	Product Height	Modules Length	Voltage
TR300	4m	300mm	70mm	Addl modules of 2 m each	230/400V/50 Hz
TR400	6m	430mm	70mm	Addl modules of 2 m each	230/400V/50 Hz
TR600	8m	630mm	70mm	Addl modules of 2 m each	230/400V/50 Hz
